WORK EXPERIENCE

London Stock Exchange Group

Feb 2025 - Present

Software Development Engineer

Bengaluru, India

- Built VRSY (Virtual SRE), an LSEG strategic initiative combining AI-powered Change and Incident Analysers using RAG, LangChain, semantic search, vector embeddings, and chunked historical data to assess change readiness, correlate similar incidents, reduce review effort, and lower major-incident MTTR.
- Implemented distributed observability for PRISM, a unified observability platform, by integrating OpenTelemetry instrumentation, Prometheus metrics, and Grafana dashboards, enabling service-level monitoring, distributed tracing, SLA tracking, and faster incident resolution.
- Built and scaled HackArena, an internal hackathon management platform using the PERN stack, supporting 1,000+ users across idea submission, evaluation, and winner-selection workflows.

Tech Mahindra

Oct 2023

Software Development Intern

Pune, India

- Developed the Q-Radar Jira Alert Sync Tool using React, Node.js, Express.js, and MySQL, reducing alert resolution time by 25%.

BioDimension Technology

Product Development Strategist | Content Analyst

Vellore, India

PROJECTS

AreYouLiv ↗

Built a ClickHouse-based real-time analytics system for SonyLIV during ClickHouse Clickathon, processing ~1M playback and app-state events to measure foreground-only concurrent viewers. Reconstructed active intervals from heartbeats and state transitions, excluded paused, backgrounded, and disconnected periods, and served low-latency minute-level concurrency metrics through Python ingestion pipelines with HyperDX observability and correctness cross-checks.

Chess Royale ↗

Developed a real-time multiplayer chess application using JavaScript, Node.js, Express.js, Socket.IO, and Chess.js, supporting synchronized online competition, legal-move handling, live game-state updates, and spectator viewing.

EDUCATION

Vellore Institute of Technology, Vellore
Bachelor of Technology, Computer Science & Engineering

2021 - 2025
CGPA: 8.54/10

Billabong High International School, Bhopal
XII (ICSE) - 92.5%
X (ICSE) - 94%

2021
2019

TECHNICAL SKILLS

Languages:	Python, Java, JavaScript, SQL
AI & Retrieval:	RAG, LangChain, MCP, semantic search, vector embeddings, chunking
Web Development:	React, Next.js, Node.js, Express.js, MERN/PERN
Cloud & DevOps:	AWS, Docker, CI/CD, infrastructure fundamentals
Observability:	OpenTelemetry, Prometheus, Grafana, HyperDX
Tools:	PowerApps, n8n, GSAP, Framer Motion
Certifications:	Microsoft Azure AI-900, Certified Kubernetes Administrator (CKA)

ADDITIONAL PURSUITS

Chairperson, Fitness and Beyond Club

Led a 28-member team delivering fitness events and partnerships, increasing participation by 130%.

Mr. University, VIT Vellore - 2023 & 2024

U19 Football Nationals, Kolkata - 2019
